NEW AIRPORT WEBSITE!!

Have you checked out the NEW www.t67.org ?

Your credentials for the old website will not work as we have switched servers so the IP address has changed.

If you have bookmarked the old site you need to delete that bookmark and enter <https://www.t67.org> in the address window.

Next step is registering for access.

Click on REGISTER and fill in your info to be approved for access to protected information and the latest HAPA Membership Directory.

You can also access a new Forum for HAPA MEMBERS ONLY where you can post questions or make announcements to our airport community.

Once approved your last step is to drop a short email to the webmaster, [Brock Street](#), and thank him for all his time he spent creating our new website!

Septic Field Information

Check out the info below and see if you are up to speed!!

Do's & Don'ts

- * **Do** use environmentally friendly liquid detergents for washing machines and dishwashers.
- * **Don't** use liquid fabric softener.
- * **Do** use dryer sheets.
- * **Don't** pour grease into drains. Grease won't break down and will solidify in your system.
- * **Do** dispose of it in the garbage as solid waste.
- * **Don't** use garbage disposals as a trash can. Garbage disposals are to be used for table food scraps. (ex: No corn husks, paper, meat bones)
- * **Don't** wait until the weekend to do the whole weeks' worth of laundry.
- * **Do** spread out the laundry over the course of the week, so you don't over work your drain field.
- **Do** use bleach in moderation. Large amounts of chlorine kills the good bacteria needed to maintain a healthy septic system.
- * **Don't** flush anything that is not septic safe toilet paper or waste down the toilet. (ex: feminine products and baby wipes)
- * **Do** remember, if it's toxic to you... it is also toxic to the septic system.

Don't Flush It

Homeowners wanting to take good care of their septic systems should make note of the following items that should never be flushed down the drain or toilet. These items can overtax or destroy the biological digestion taking place within the system or clog pumps and pipes.

Take care not to flush the following:

- hair combings, coffee grounds, dental floss, disposable diapers, or kitty litter,
 - sanitary napkins, tampons, cigarette butts, or condoms,
- gauze bandages, fat, grease, or oil, paper towels, shop towels
and **NEVER** flush chemicals that could contaminate surface and groundwater, such as:
paints, varnishes, thinners, waste oils, photographic solutions, or pesticides.

2020 HAPA DIRECTORY INFO

The HAPA Membership Directory is continuously updated using info from the Tarrant Appraisal District website in order to reflect the current property owners at Hicks Airfield. You will find several spaces below for corrections, updates, and/or additions to your info (phone numbers, email addresses, N number, etc.) if you wish to have this information made available to other HAPA members.

Name: _____ E Mail: _____

Mailing Address: _____

Home Phone: _____ Cell Phone: _____

N Number: _____

Signature: _____ Date: _____

(Signature needed to approve posting in directory)

Please mail your new info to: **HAPA, 100 Aviator Dr, Fort Worth, TX 76179** or Email it to mrr9447@yahoo.com to assist us in getting the directory info online and available to the membership. The information will be located in a password protected section of the Official HAPA website, www.t67.org. No information you furnish to HAPA will be used for any other purpose.

HAPA MONTHLY ASSESSMENTS
